A close-up photograph of a hand holding a silver-colored metal object. The object has a rectangular, flat top surface with a beveled edge. On this surface, the alphanumeric code 'K107A' is engraved in a simple, sans-serif font. The object appears to be a component of a larger assembly, as a dark, circular part is visible underneath it. The background is a dark, out-of-focus grey.

K107A
